

THE UNIVERSITY OF QUEENSLAND CANOE CLUB

G1: INTRO TO SEA KAYAKING

An introductory day to Coochiemudlo Island in Moreton Bay to learn basic sea kayak skills at the beach.

Coochiemudlo is a small island with sandy beaches off Victoria Point in Moreton Bay. We will put in at Victoria Point (about 50 mins drive from Brisbane). In the morning we will paddle through the mangroves to a beach on the north side of the island. At this beach we will practice sea kayak rescue skills and then have lunch. In the afternoon will we paddle back to Victoria Point.

During this trip we will be swimming so please bring a bathing suit, towel and warm clothing with you.

Prerequisites:

- Completed a UQ sport 400m swim test.
- PLEASE ATTEND GENERAL POOL SESSIONS TO LEARN HOW TO USE A SPRAY DECK (i.e. complete a wet exit). PLEASE MAKE THE LEADER AWARE, IF YOU HAVE NOT COMPLETED THIS REQUIREMENT.
- In addition, before attending this trip it is helpful, but not required to have practiced T-rescues *in a sea kayak* on the UQ pool (we may not have had time to schedule a session).

Spaces are limited, so please register early and preference will be given to those members who have not done it before. However, please still register your interest as we may schedule another trip if there is demand.

Please bring along enough water (2-3 L) and food for the trip, together with sunscreen and sun protection. Bring some warm dry clothes for after you get wet!

Limitations: Up to 10-12 people but depends on kayaks and transport (excluding experienced members). If there is sufficient demand, we can schedule a second trip.

General Risk Management

Paddler Requirements

Conditions can be calm but can change dramatically with winds and tides contributing significantly to this.

Paddlers must advise leaders if they have health issues or injuries that may affect participation. Ensure medication is carried and is accessible. If unsure, they should check with their doctor beforehand.

	<p>Participants must self-assess their, and their equipment's ability to cope with this grade of club event. The club grading scale is located on the club website. This should be consulted prior to registration, and any concerns or anything needing clarification should be raised with the trip leader beforehand. Participants need the skills for the grade of the trip, unless modified below "Additional Comments".</p> <p>Participants should have an appropriate level of fitness. This is a trip that requires a moderate fitness level and a minimum sustained cruising speed as required by the paddle grade.</p>
